

E-MAIL SECURITY & PROTECTION SERVICE

Eliminate Spam and Viruses Before They Enter Your Network

The never-ending battle to protect e-mail communications from spam, viruses, and other threats can be particularly draining on corporate time and money. Businesses that rely on efficient e-mail communications turn to IT Resource for our E-mail Security Protection (ESP) services. Let us help you eliminate e-mail threats that interfere with productivity, storage, bandwidth, and administration costs before they even enter your network.

Simple Set-up & Administration

Our affordable packages are designed to provide easy activation and administration for a total comprehensive and effective network e-mail defense system.

Effective E-mail Protection From Spam, Viruses, & Threats

- Compatible with all e-mail systems
- Microsoft® Exchange Connector
- Mail Spooling in case your internet connection is down
